

## Aiming High for Disabled Children & Young People in Sandwell

### 'Stepping forward' with disabled teenagers!

In partnership with children and young people, their families and carers, Core Children's Services is committed to offering quality support services to help disabled children and young people to live independent, full and dignified lives.

In Sandwell we can offer funded spaces on our 12 week transitions programme, supporting disabled teenagers in developing the skills to move confidently into adulthood. 'Stepping Forward' will support disabled children and young people in developing skills such as cookery, budgeting, education and career opportunities. The group will take part in team building activities to build confidence, encourage independence and build relationships with peers. The group will also take part in fun activities and trips of their choice! Spaces are available to all disabled teenagers aged 13 plus who reside in Sandwell.

Children will be supported by a team of workers who are both qualified and experienced along with having enhanced criminal records checks in place.
